EMERGENCY ADDENDUM TO SAFETY AND SECURITY REQUIREMENTS FOR COVID-19 PRECAUTIONS

The District is operating under a declaration of emergency in response to the COVID-19 outbreak in Southern Nevada. As an essential service, the District must remain diligent in its efforts to maintain the health of our team members. To that end, all vendors, suppliers, and contractors entering in or upon a District property or facility must abide by these additional safety and security requirements.

Anyone working on behalf of a vendor, supplier, and contractor (collectively, a “Contractor Representative”) entering in or upon a District property or facility must meet the following requirements:

1. The Contractor Representative cannot have been diagnosed with COVID-19, or must otherwise be cleared by a doctor as fully recovered from COVID-19.

2. The Contractor Representative cannot have experienced any symptom commonly associated with COVID-19 (cough, shortness of breath or difficulty breathing, or any two of the following: fever, chills, repeated shaking, muscle pain, headache, sore throat, new loss of taste or smell) within the prior 3 days.

3. The Contractor Representative cannot have knowingly been in close contact with an individual(s) exhibiting any symptom commonly associated with COVID-19 within the prior 3 days.

4. The Contractor Representative must wear a face covering that will be worn throughout the duration of the visit to the District property or facility.

5. The Contractor Representative must maintain social distancing with all District employees throughout the duration of your visit to the District facility.

6. The Contractor Representative must be aware of, and adhere to, all OSHA regulations and guidelines applicable to protecting against the spread of COVID-19 while performing work throughout the duration of the visit to the District property or facility.
SAFETY AND SECURITY REQUIREMENTS

Safety Requirements

The Supplier and its sub-consultants and/or sub-contractors are responsible for the safety and proper training of their employees, representatives, and agents, and shall comply with the requirements of OSHA 1910, General Industry Standards, and OSHA 1926, Construction Industry Standards (when applicable).

The Supplier and its sub-consultants and/or sub-contractors shall provide their employees, representatives, and agents with safety equipment, and shall only allow staff that is properly trained in the relevant safety procedures and equipped with safety equipment to perform work for DISTRICT. The DISTRICT may provide an inspector on a worksite on which Supplier provides/perform goods/services; however, the DISTRICT shall not (and shall not be expected to) perform safety inspections or safety training of any kind. The Supplier shall be required to provide a qualified safety representative for the worksite. Any and all hazardous-type materials brought on DISTRICT property will require pre-approval by the DISTRICT.

In accordance with 29 CFR 1910.146, Confined Spaces, any of Supplier’s employees, representatives, and agents that enter any district-owned facility (e.g. lift station, manhole, and basin), must be properly trained and follow the mandates outlined in OSHA 1910 and/or OSHA 1926 as to confined spaces. Supplier must provide training and all required equipment (non-stationary) for their employees, representatives, and agents as required by OSHA 1910 and/or OSHA 1926.

Supplier and its sub-consultants and/or sub-contractors shall follow all procedures set forth in 29 CFR 1910.147, The Control of Hazardous Energy (Lockout Tag-Out), when applicable, including but not limited to any equipment used by the Supplier that is powered or energized by any means and/or that could start automatically. All field staff for DISTRICT and Supplier participating in the project shall be instructed on the pertinent OSHA standards for Lockout Tag-Out procedures/protocol.

Where applicable, you must adhere to the following programs/notification processes for "Call Before You Dig"/USA North 1-800-227-2600, Clark County Traffic Operations 702-455-7511 and Las Vegas Computerized Traffic Systems 702-229-6611.

Supplier must utilize trained and qualified employees to perform the jobs/tasks as required by the pertinent standards within OSHA 1910 and 1926, as well as any other safety standards mandated by applicable law. Supplier shall be solely responsible for ensuring compliance with this requirement.

Any safety questions shall be made to:
DISTRICT Safety Officer
702-668-8000
Security Requirements, Restrictions, and Procedures

The DISTRICT facilities are secure sites. As such, while performing work on District facilities, the Supplier shall strictly adhere to these security requirements, restrictions, and procedures:

1. Only properly authorized and identified personnel will be allowed on District facilities, and all authorized personnel shall prominently wear identification badges at all times when on the facility. These badges shall be issued by the DISTRICT and contain the individual’s name, company affiliation, contract number for which work is being performed at the facility, and expiration date of authorization. Supplier shall immediately collect and return to DISTRICT each badge for persons no longer needing access to the facility or no longer authorized to access the facility. Supplier shall not allow any individuals onto DISTRICT facilities who have not been so authorized by the DISTRICT.

2. Authorization for access to a facility may be limited to certain areas of a facility and conditioned on and/or subject to an escort by a designated DISTRICT representative.

3. The Supplier is responsible for maintaining security as to each DISTRICT facility while present thereon and/or therein.

4. Supplier shall not leave any DISTRICT facility unlocked/unsecured. DISTRICT facilities shall remain locked at all times unless authorized personnel of Supplier, or its subcontractor and/or sub-consultant, are located on or inside the facility.

5. Supplier shall inform DISTRICT of every instance of ingress and egress of a DISTRICT facility. Specifically, for each instance in which Supplier accesses or vacates a DISTRICT facility (including but not limited to, multiple visits to the facility in the same shift, leaving/returning from lunch breaks, ending a work shift, etc.), and prior to locking/unlocking or leaving/entering a DISTRICT facility, the Supplier shall inform the designated DISTRICT representative that Supplier or its sub-consultant(s) and/or sub-contractor(s) are entering/unlocking or leaving/locking the facility.

6. All vehicles and personnel entering or exiting the facility will be required to check in with the on-site security officers, if any. All vehicles and personnel entering the facility are subject to inspection. Failure to comply with an inspection request by security personnel will result in immediate removal of the vehicle or person from the facility and the banning of the vehicle or person from future access to the facility.

7. Unless otherwise approved by the DISTRICT, the Supplier or its sub-consultant and/or subcontractor shall leave each facility in the same condition as it was in prior to accessing the facility. The Supplier or its sub-consultant and/or subcontractor is not permitted to alter or affect the operation or functionality of the facility during the course of work performed thereon. ENGINEER shall be liable for any and all damage to any part of a DISTRICT facility resulting in any way from an act or omission of the ENGINEER or its subcontractor and/or sub-consultant.

8. ENGINEER and its subcontractor and/or sub-consultant shall adhere to traffic, speed limit, and parking requirements applicable to the facility.

9. Weapons of all kinds are prohibited from all DISTRICT facilities (including but not limited to concealed weapons in parked cars).
10. DISTRICT may impose limitations on ENGINEER’s access to a facility at any time when reasonably necessary or prudent in DISTRICT’s sole discretion, including but not limited to, elevated security situations or maintenance activities. ENGINEER and its subcontractors and/or sub-consultants may be removed and/or precluded from any facility in the event DISTRICT becomes aware of any act or threat of violence, misconduct, or violation of these requirements, restrictions, and procedures by ENGINEER and its subcontractors and/or sub-consultants.

Any security questions shall be made to:
DISTRICT Safety/Security Administrator
